

The Regional Reduced Fare Permit

If you're a senior or a person with a disability, you can ride for less when you use public transportation services to travel around Puget Sound. The Regional Reduced Fare Permit is an ID card that entitles you to discount fares on eleven transportation systems throughout the Puget Sound region. All have wheelchair accessible services. Just show your card when boarding the ferries or any regular bus route (fixed-route). Most agencies in this booklet also provide curbside-to-curb paratransit services for those unable to use the regular route buses due to a disability. Having a Regional Reduced Fare Permit does not qualify you for paratransit services under the Americans with Disabilities Act (ADA), however. Please contact your local agency for more information on ADA paratransit eligibility and services.

Who Is Eligible?

Any person who presents proof of one or more of the following conditions can obtain a Regional Reduced Fare Permit*:

1. Is at least 65 years of age.
2. Is now eligible for Social Security Disability Benefits or now receives Supplemental Security Income Benefits because of disability. (Temporary)
3. Is currently certified by the Veterans Administration at a 40 percent or greater disability level.
4. Has a valid Medicare card issued by the Social Security Administration. (Temporary)
5. Has a valid Regional ADA Paratransit card.
6. Has a valid ADA Paratransit card from outside the region. (Temporary)
7. Has obvious physical impairments meeting one or more of the medical criteria.
8. Is currently participating in a vocational career program with the Washington State Individual Educational Program (IEP). (Temporary)
9. Is certified by a Washington State-licensed physician (M.D.), psychiatrist, psychologist (Ph.D.), Physician Assistant (P.A.), Advanced Registered Nurse Practitioner (A.R.N.P.) or audiologist (certified by the American Speech and Hearing Association) as meeting one or more of the medical criteria.

* The agencies reserve the right to contact your Health Care Provider for verification

How Do I Get A Regional Reduced Fare Permit?

It's easy. Call the transit agency nearest you or access their Web site for information. The permit costs only \$3.00.

How Long Is It Valid?

Permits issued to persons 65 or older and to persons permanently disabled will be valid indefinitely. No renewal is necessary. Persons with disabilities that will last between three months and one year may receive temporary permits. These permits, which carry an expiration date, may be renewed only if the disability continues beyond that date. Persons certified by approved health care providers as permanently disabled may receive permanent permits. Participating agencies retain the right to ask for recertification upon loss of a permit or at any other time. Prepared by the Puget Sound Regional Council with support from the Federal Transit Administration, the Washington State Department of Transportation, and public transportation agencies in the Puget Sound region.
