BREMERTON, Wash. – Kitsap Transit will suspend fast-ferry service starting on July 22 while construction crews move a gangway from its current location at Pier 52 in Seattle and connect it to a new passenger-only ferry terminal building at Pier 50.

Due to the Seattle dock closure, neither Kitsap Fast Ferries nor King County Water Taxi will operate service during the week of July 22. These services are anticipated to resume on Monday, July 29.

Kitsap Fast Ferry and King County Water Taxi customers have been boarding from the temporary location at Pier 52 since August 2017.

The new covered facility, located on the south side of Colman Dock, will have room for about 500 passengers and is part of a larger project to renovate Colman Dock. The facility will connect downtown Seattle with West Seattle, Vashon and the Kitsap Peninsula. A pedestrian bridge will connect the Washington State Ferries (WSF) main terminal and the passenger-only ferry terminal.

During the week of July 22, the current gangway at Pier 52 will be connected to the new facility at Pier 50 and the float seen above.
How to Get Around During the Service Disruption

During the service disruption, customers who typically ride the Bremerton Fast Ferry can ride WSF’s Bremerton-Seattle service; those who ride the Kingston Fast Ferry can ride WSF’s Bainbridge-Seattle service. Kitsap Fast Ferries passholders should see a Kitsap Transit Marine Services Ambassador inside the main WSF terminal at Colman Dock in Seattle to obtain a ticket to ride WSF.

Customers who typically ride Kitsap Transit’s Routes 302 or 307 to the Kingston Ferry Terminal will need to explore bus routes serving the Bainbridge Terminal. The table below offers several transit options:
